

Invitation to International Workshop on Paleomagnetism and Rock Magnetism

Dear colleagues!

The Research council of Geomagnetism will hold its traditional International Workshop on Paleomagnetism and Rock Magnetism on 2-7 October 2017 at Kazan (Volga region) Federal University (KFU), Kazan, Russia.

The workshop is financially supported by the Russian Foundation for Basic Research (RFBR) and KFU.

There will be invited oral presentations on topical problems by leading Russian and international scientists, round table discussions on topics from different working groups, poster sessions and also oral presentations by participants. In the frame of the workshop we planned a special course for students and young scientists entitled “*Actual practical applications of petromagnetic and paleomagnetic data*”, which will be held on 2-3 October 2017. Invited keynote lectures will be given by Valery Shcherbakov (IPE RAS, Russia), Vladimir Pavlov (IPE RAS, Russia), Danis Nurgaliev (KFU, Russia), Karl Fabian (NGU, Norway), Simo Spassov (RMI, Belgium), Dennis Kent (Rutgers University, Columbia University USA), Alik Ismail-Zadeh (KIT, Germany), Mioara Manda (CNES, France)^{TBC*}, Ramon Egli (ZAMG, Austria)^{TBC*}, Eduard Petrovsky (Institute of Geophysics ASCR, Czech Republic)^{TBC*}, Jorg Fassbinder (LMU, Germany)^{TBC*} and other featured speakers. *TBC – to be confirmed.

A special magnetostratigraphic session devoted to 30th anniversary of magnetostratigraphic commission ISC (international stratigraphic committee) of Russia will be held on the 5th of October.

More information about the conference program, abstract submission and registration fees will be given in the second circular.

We kindly ask you to share information about this workshop with all people who might be interested.

Please register by sending a filled registration form **before June 1, 2017** to: Dilyara Kuzina (di.kuzina@gmail.com)
